### June 2012 Meeting

The June meeting was held at the Waynesburg Bible Chapel. The June club competition topic was *Weddings*. All of the photos entered would have made the married couples smile. Winners were Kathy Douglas with *The Mr. & Mrs. Kiss* for third place, Janice Morris had second with *Rings*, and Andrew Corfont took first place with his *Bubble Exit*.

Most of the business for the June meeting dealt with planning our club presentations and our club competitions for the next several months. The results of that planning will appear in the *Upcoming Meetings* section of this newsletter. We were treated to a visit by Colleen Nelson as she gathered information for an *O-R* article on our club. She also encouraged members to visit her booth at the Farmers' Market to talk about our club with other folks and to visit the photo exhibit now at Waynesburg University.

The club presentation for June was a photo essay on Liberia by Larry Douglas. Larry had taken a missionary trip to that African country, and he shared his experiences and photos of the Liberian people and their communities. The entire program was very informative and very sensitive. Larry's ministry and his photos were a moving experience for the entire club.

### Greene Exhibit at Waynesburg U.

Thanks to all members who submitted photos for the Waynesburg University summer exhibit. Everyone in the club is encouraged to attend the reception at the university on July 27 at 6 pm as well as The Farmers' Market from 10-2 on July 25. Thanks also to Dave Lesako for arranging for our club to have the exhibit at the University.

### Greene County Fairs Benefit GCPC

Don't forget, entries for both the Jacktown Fair and the Greene County Fair are due, so plan appropriately. From past experience, these are excellent opportunities to exhibit your work, collect premiums, and attract new club members.

Attracting new members suggests two things: Encourage all of your friends, especially those with cameras and photo interests, to join our club. The more folks we have involved, the more we can share and learn with and from each other. Also, gather ideas for club presentations. We need both topics and presenters who can illustrate good techniques and ideas for improving the skills of taking photos and the skills of processing images.
