July's Meeting

We were treated to a whirlwind photographic journey of New York City by Kelley Scherrick. Kelly proved that in ONE day a photographer can capture a great deal of the sights, smells & atmosphere of a location! Kelly shared photographs of skylines, the 9-11 Memorial, street photography, bridges, leading lines, reflections and views of Central Park! Kelly is eager to do it again!

August's Meeting

Our August Program will feature YOU! Please bring one or two (or three) of your photographs to show – any topic. We'll take time to enjoy each other's photographs!

"Abstract"

Although "Abstract" is the photo challenge for October, NOW is the perfect time to take abstract photographs as Bruce Wunderlich of Digital Photography School explains in [Creating Abstract Images in Nature](#).

There are lovely photographs illustrating the concepts he discusses including the use of:

- Lines
- Shapes
- Textures
- Patterns
- Colors
- Blurs
