Exploring Great HDR (landscapes, architecture, etc..) along with Underwater & Sports Photography

We are excited to welcome **Brook Ward** as our guest speaker for the February program! Visit his website to see some beautiful photographs such as the one above! Bring a friend(s)!

Our club will be having elections for new officers this year. Our by-laws state, "Every two years association officers shall be nominated by the membership present at the regular meeting in either April or May and elected by the membership present at the June meeting and will take office on July 1st." Kathy Douglas has reminded us that she would like to "retire" as President at the end of her term.

We discussed having a program where each person brings 3 photos (maybe on a USB drive) to display for club members to offer suggestions. This is tentatively scheduled for April.

We are also discussing field trip ideas!!!

Urban Landscape Photography Tips

by Darren Rowse of DPS

<http://digital-photography-school.com/urban-landscape-photography-tips/>

- Shoot in the morning - clean streets, people free shots, different activities
- Let the shape of the buildings alter the way you frame your images.
- Look for new construction areas
- Some places may not allow photography, get permission.
- Find new angles to photograph well known buildings

10 Tips for the Aspiring Street Photographer

by Eric Kim of DPS

<http://digital-photography-school.com/10-tips-for-the-aspiring-street-photographer/>

Don't use a zoom lens.

Get close.

Always carry your camera with you.

Disregard what other people think of you.

Smile often.

Ask permission.

Be respectful.

Look for juxtaposition.

Tell a story.

Just do it

Happy Valentine's Day!

52 Week Photography Challenge to Improve Your Skills in 2016 by Michael Zhang

We discussed plans to post the weekly topic on our Facebook page. Then club members and the public may "comment" under the club's weekly topic by posting a photograph which fulfills the "assignment." Topics rotate between (1) Portrait, (2) Landscape, (3) Artistic Impression.

["Do This 52 Week Photography Challenge to Improve Your Skills in 2016"](#) by Michael Zhang

"To me, photography is an art of observation. It's about finding something interesting an ordinary place... I've found it has little to do with the things you see and everything to do with the way you see them." – Elliott Erwitt

Joel Sartore Assignment:

Set up a scene and walk around it. Shoot if from the best spot with the best background and try both the bird's and the worm's eye view. If you're outside, pay attention to the horizon line if it's visible.
